

GEP Home Learning Guides

Uploading work to the SLE on your mobile device

This guide will help you to access the **Student Learning Environment (SLE)** and upload work to the Work Submission Area.

- 1) Go to the Home Learning section of the school website - <https://www.georgeabbot.surrey.sch.uk/home-learning/> and tap on the Student Learning Environment button.

(You may need to scroll down the page on some devices).

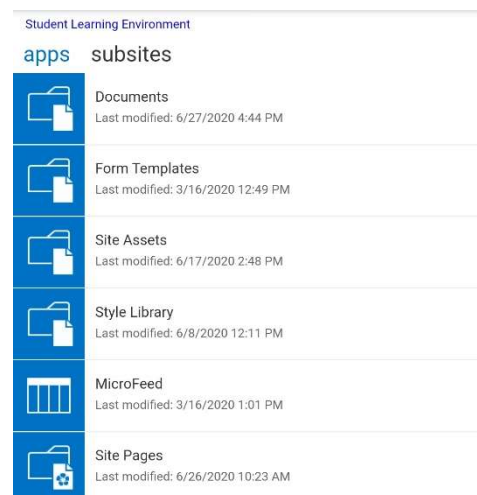

From here you will need to log in using your school email account.

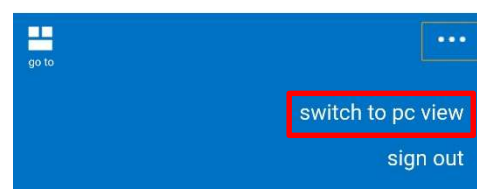

If you have forgotten your password please email: networkhelpdesk@georgeabbot.surrey.sch.uk

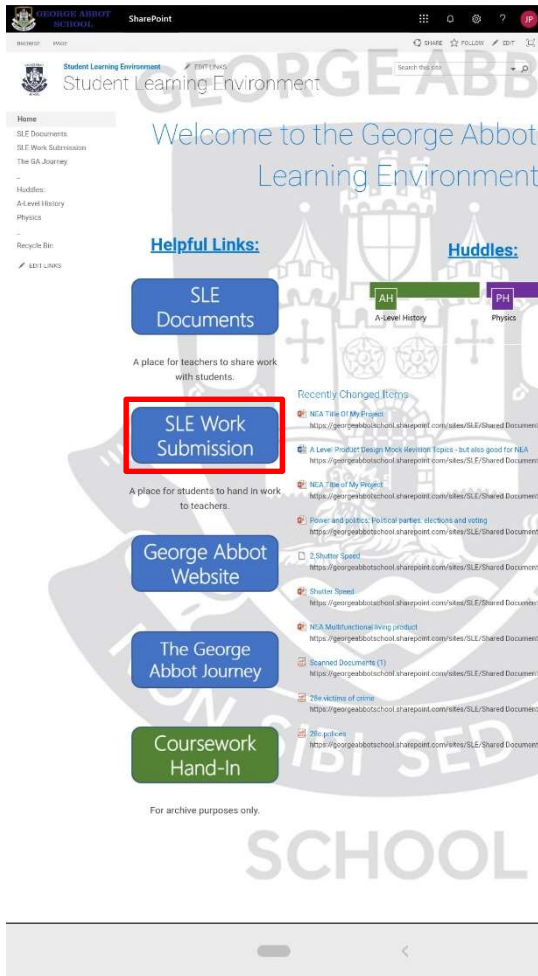

- 2) To display the SLE correctly, tap the '...' in the bottom right and then tap 'switch to pc view'

(If you cannot see the '...' please refresh the page and try again).

The SLE will now look the same as it does on a computer.

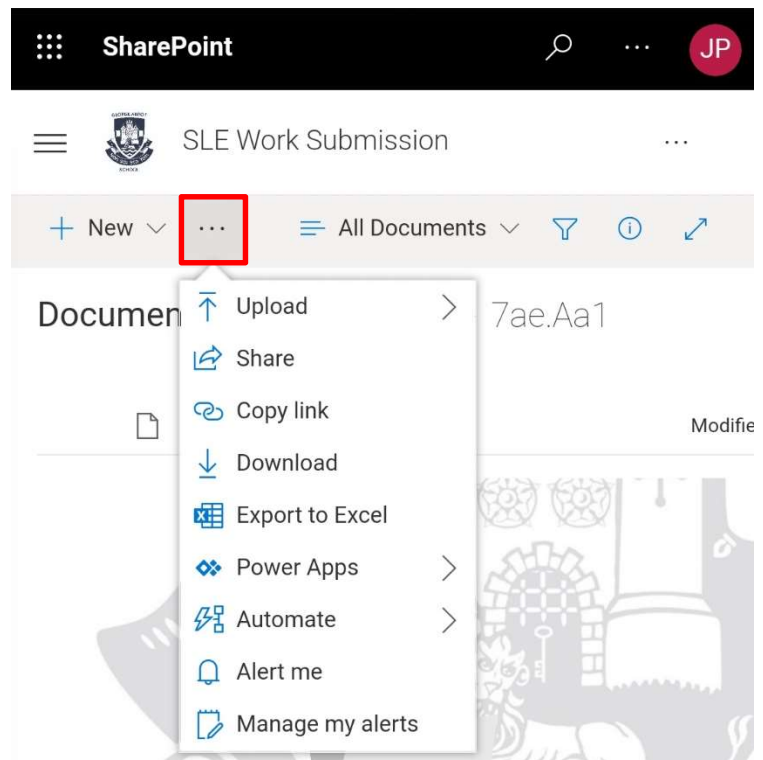

3) Tap on the SLE Work Submission button to go to the area where students hand in work to teachers.

Here you will see a list of subjects, with a folder for each year group and class.

4) Tap on the '...' and then select 'Upload' from the drop-down list.

You can upload a file such as a word document, or a picture of any handwritten work.

Anything you upload to the SLE Work Submission area can only be seen by you and your teachers.
